Re: List of Absences.

I would appreciate it if I could be regularly informed of the
absences of the leading men in my sphere of labor. For this purpose
my office will keep a record of absences. Henceforth, before an out of
town trip, please, inform me in time by 'phone as to the duration of the
absence and your substitute. Leave of absence and sickness also are
to be reported to my office, please, and at the same time the names of
your substitutes. Absences of less than one working day need not be
reported.
