I,

Heinrich PAPE,
born 20 February 1879 at Fredeburg,
at present residing at Kirchhunden, Vicarage,

am fully aware of the significance of an affidavit and that I render myself liable to punishment by giving a false affidavit. I herewith declare the following on oath for submission as evidence to the American Military Tribunal at Nuernberg.

I was employed by the firm of Krupp from 7 March 1909 until May 1925, and from April 1935 until the middle of May 1945. During the last ten years I worked for the Works Security Police and, during my last year of service, was frequently employed as a driver. In particular I had to maintain Herr von BUELOW's car, several motor-bicycles and also one large stand-by truck, used only in special emergencies on account of its excessive fuel consumption. I remember that at about the end of October or the beginning of November, Herr von BUELOW charged me several times with taking back to Neerfeldschule, a distance of 11 km from Krupp's Main Administrative Building, some of the inmates of Neerfeldschule, who had been engaged in clearing-operations with the Plant Police. Herr von BUELOW gave me to understand that I should not talk about these trips, as the truck was intended for emergencies and not for purposes such as these. As a matter of fact the Plant Police got into difficulties, because the fuel distribution at Krupp's was controlled by a fuel-commissar. Herr von BUELOW was told that if it occurred again, even fuel for his car would be blocked.

I heard from the inmates of Doehenschule - 7-8 men each time - that one of them had approached Herr von BUELOW with the request that a vehicle be provided for their return in view of the long walk and constant alerts. They were all very happy to be spared the long walk.

I have carefully read the above affidavit, consisting of two pages
and signed it as follows:

It is hereby certified that Herr Heinrich PAPE has affixed his
