Subject: Transfer of the tractor production department,
12-ton, from Essen to Muelhausen, Alsace.

The Firm of Krupp-Krawa (Krawa = Motor Vehicle Division) is ordered to transfer the production department for 12-ton tractors with all speed (beginning in April 1943) to Muelhausen, Alsace, to the factory buildings of the Firm of Elmag, Elsaessische Maschinenbau AG.

The transfer is to be carried out as speedily as possible to the end that the production of complete 12-ton tractors may be begun not later than 1 September 1943.

The armament offices at the place to which the transfer is made will supply the necessary assistance. The transferred department is to have a production capacity of 140 12-ton tractors per month.

The transfer is being undertaken largely pursuant to a preliminary Instruction issued on 22 April 1943 by the High Command of the Army, Army Ordnance Chief Eng. 4, under No. 2199.4.43 Ordnance Chief Eng. 4 VIII c.

The costs of the transfer will be reimbursed on application in accordance with the "Verlegungsgrundsatz" (Basic regulations governing transfers) issued by the Reich Minister for Armament and War Production. The financial and contractual arrangements with the enterprise taking up the transferred production, made in accordance with these "Verlegungsgrundsätze", will be communicated to the High Command of the Army (Army Ordnance Z 2).

The order number 0986 - 7011/43 is assigned to this Transfer Instruction.

It is requested that confirmation of this Instruction be sent by return mail to High Command of the Army, Army Ordnance Chief Eng. 4 XI b, Berlin C 2, Klosterstrasse 64.
