

Herr Dr. Grosse - Thie.

Dr. Ibeling, of the hospitals, informed me at the request of Dr. Wiele of his desire to have the reports concerning the medical care of the residents in our workers homes submitted in short intervals of perhaps 3 days.

I told him that I had never seen such reports up till now and it was to be assumed that reports of that kind concerning the medical care of the sick occupants of the homes were not being submitted. It will be examined, however, by the housing department how they can be obtained.

He would receive further information on the subject.
