Issue 149, 28.1.1948, Nuremberg, Justice Prison.

. . . . .

The US Minister of the Interior, K r u g , in a report to Congress demanded the "speedy creation of an industry for the production of synthetic fuels". About 9 billion dollars would have to be invested in order to secure a current production of two million barrels of oil a day. The project should be tackled now while the country is at peace. The execution would take 5 to 10 years.
