MOTION FOR CONTINUANCE

COMES NOW the defendant Friedrich von Buelow and moves this Tribunal for a continuance of ninety days on the ground that it is impossible for him to properly prepare a defense to the charges and specifications thereunder unless such continuance be granted. On the following grounds:

1) Want of preparation for trial

Due to interference by the prosecution staff and agents thereof, with defendant's preparation for trial by

- a) the seizure of defendant's documents, papers, records and of other evidence and the withholding thereof by the prosecution staff and its agents;
- b) the arrest, imprisonment, coercion and intimidation of witnesses by the prosecution staff and its agents;
- c) other grounds set forth in motion for continuance, filed 11 February 1948, which is incorporated herein and made a part hereof.

2) Unavailability of witnesses and documentary evidence.

3) Limitation of resources and facilities.

4) The seizing and blocking of defendant's funds and property.

The defendant has used due diligence in the preparation of his defense and the above matters are beyond his control and make it impossible for the defendant to have an adequate and proper defense ready at this time.

In support thereof, defendant submits the affidavit of
defendants.

In addition this motion is based on the record of trial,
motion for continuance filed 11 February 1948, and oral
testimony to be adduced at the hearing hereon.
