

Ino-Doc. No. 61
Exh. No.

Enclosure to A.K. S No. 57825
of 26 November

Cast Steel Factory, 29 October 1942.

Gi/Ud.-

Herrn Dr. MUELLER A.K.

Regarding: Arbeitseinsatz (Utilization of Labor.

As was thoroughly discussed with Herrn BOENINGHAUS also yesterday morning already, the situation of the Arbeitseinsatz is becoming more and more catastrophic so that your suggestion to shut down certain productions or at least to get the time limits for delivery extended, will actually have to be put in action.

The thing to do would be for the A.K. first to make definite suggestions along that line so that I could then approach all the other respective authorities accordingly.
