General Lucius D. Clay
Military Government
Berlin, Germany

I have been directed by Military Tribunal III to make the following inquiry stop On 19th December Tribunal declined to approve one Earl J. Carroll as counsel for defendant Alfried Krupp who is on trial before the Tribunal stop The grounds of this action were that Carroll was not and would not be available for that purpose and by his conduct had disqualified himself to practice before the Tribunal stop Krupp on basis of an interview with Carroll has represented in writing in substance that Carroll is available to represent him; that he is authorized to appear and act as defense counsel in the occupied area of Germany for any person desiring his services stop Tribunal respectfully asks to be advised of correctness of these representations by Krupp
